Timely information & meaningful relationships *all in 48 hours, and at no cost to you*

RELATIONSHIPS ARE THE CORNERSTONE OF SUCCESS.

There's no better way to share information and think through opportunities than by spending structured time with others who do exactly what you do. Getting insights on an immediate issue, learning what's working for them and what's not, and having that colleague you can call in confidence—all are activities that leaders rely on for both immediate and long-term needs. And it's not just relationships with fellow fleets. It's equally important to have relationships with senior level personnel in the vendor community. From technology providers to maintenance solutions and others—relationships across the spectrum are critical. It's relationships like these that enable you to make better decisions.

We've developed an exclusive way to accelerate information sharing and relationship-building between leaders who are responsible for private or for-hire fleets with 50 or more power units. It's called the Trucking Summit, and it's unlike anything you've ever attended; It's congenial, intimate, fun and productive!

The Summit can accommodate
just 50 Fleets.

IT'S NOT A TRADE SHOW... NOT EVEN CLOSE.

The Trucking Summit is not an event where you hope networking happens. It's an event where you're guaranteed to meet professionals at your level who have similar responsibilities. Over two activity-packed days, a customized agenda will introduce you to dozens of others responsible for their fleet operations. And you're going to meet with senior representatives from the vendor community who will share TED-like case studies on how they're approaching transportation challenges in the US, Canada and around the world. And best of all, there's no cost to you or your organization to attend. The summit covers all travel, hotel, meal and conference costs.

"I'm sure you've heard it hundreds of times, but it never hurts to promote a good thing. THANK YOU for the opportunity and the experience! Seriously, very well done. I've not experienced an event like this before, and it was incredibly beneficial. I hope you ask me back again!"
